I want to clarify that the email with the one drive documents came from Victor Farren (OEX). There are four large pdfs with the responsive documents in the file. Beth White (OEX) will reach out to Sarah about the timing of review etc.

Sarah, Lynn Zipf will be sending you an email for one drive access to the document production we discussed. There are 300 documents in total for production. You can download them from one drive onto your computer for review. If you're having trouble

doing that send me an email and we'll figure it out

Thanks,
Ann
